Orders for the branch can be placed in advance or on a whilst -you -wait basis. Once orders have been picked for you, they will be placed outside for you to collect.

Deliveries will be available from selected branches but please confirm with ordering branch to check availability.

As a company our branches hold a large quantity of stock, as do our preferred suppliers. This gives us the confidence that we will be able to meet your needs during this uncertain time. The inter branch link van will continue to operate, giving you access to stock from a different branch next day.

Please check the website for future updates where we will do our best to communicate with you regarding any changes to the above.

We wish you and your families well and hope to return to normality shortly.

Thank you for your patience during this time.

Kind regards

The Wilson Electrical Distributors Ltd team.
